

To whomsoever it may concern

This is to certify that **Akshat Gupta** worked as a **Software Development Intern** from **5th January, 2020 to 5th March, 2020** with **Josh Talks**.

During the internship period, he worked on the **Going Online As Leaders (GOAL)** portal in association with the Ministry of Tribal Affairs and Facebook as well as the **Digital Beti** portal falling under the Digital India initiative by the Government of India.

We found that he always completed his work on time and was ready to make changes at the oddest of hours with the strictest of deadlines while simultaneously managing college. Being a team leader with a strong sense of responsibility, he also got along very well with his colleagues.

In conclusion, I would like to express that I am certain Akshat would make an invaluable asset in all his future roles. I'm confident he will surpass your expectations and I wouldn't wouldn't hesitate to recommend him further.
